

UNIVERSITY OF ARTEMIS

The Founding Campaign

CENTERS OF INQUIRY

www.intellectual.org info@universityofartemis.org

Research Portfolio: 19 Centers, 42 Active Projects

CENTER FOR SYNTHETIC INTELLIGENCE

Director: Dr. Kai Mueller (Berlin)

AI/human symbiotic reasoning, CoThink project, moral agency in AI, neuromorphic computing.
Flagship: CoThink, real-time AI-human collaborative reasoning platform.

CENTER FOR BIO-REGENERATIVE ARTS

Director: Dr. Amara Osei (Nairobi)

Self-healing materials (BioCrete-2), living architecture, mycelium structures, bioremediation.
Flagship: BioCrete-2, self-repairing concrete that sequesters carbon.

CENTER FOR COSMOLOGICAL HUMANITIES

Director: Prof. Elena Petrov (Venice)

Petabytes of telescope data, philosophical astrophysics, cosmology and human meaning. Flagship: Artemis Deep Field, JWST data for philosophical analysis.

CENTER FOR URBAN FUTURES

Director: Prof. Carlos Mendoza (Sao Paulo)

Climate adaptation, city planning, ClimatIQ, sustainable megacity infrastructure. Flagship: ClimatIQ, climate analytics for municipal decision-making.

ALL 19 CENTERS

- Center for Synthetic Intelligence
- Center for Bio-Regenerative Arts
- Center for Cosmological Humanities
- Center for Urban Futures
- Center for Global Health Equity
- Center for Quantum Information
- Center for African Knowledge Systems
- Center for Pacific Rim Studies
- Center for Digital Humanities
- Center for Regenerative Economics
- Center for Consciousness Studies
- Center for Comparative Governance
- Center for Arctic and Climate Systems
- Center for South Asian Philosophy

- Center for Educational Innovation
- Center for Migration and Belonging
- Center for Music and Acoustic Research
- Center for Food Systems
- Center for Visual and Spatial Reasoning
